Our mission is to be responsible stewards of County resources to support agencies or groups who provide the citizens of Stafford County services to address individual and community needs.

The County supports a wide variety of partner agencies from major regional entities to non-profit community groups. These agencies and groups are either a formulary based, contractual, or non-contractual partner.

Stafford County continues to utilize a structured process for non-contractual partner agency funding requests. An evaluation committee reviews the applications for funding. The committee's goal is to assure county staff is making informed unbiased recommendations to the Board of Supervisors. These recommendations shall uphold the mission and values adopted by Stafford County and the Board of Supervisors. The Board of Supervisors approved the new process by motion on October 7, 2008.

All requests for funding are subject to a process that includes an annual review of each agency's submission, review of the agencies financial status and an assessment of community needs based on the economic conditions.

Allocations are based on available resources, impact of service to Stafford residents and priority of community needs as perceived by the committee. Allocations may be subject to an increase, reduction or discontinuation based on the following:

- Agency governance - clearly defined and adhered to strategy and business objectives that ensure the agency has adequate resources to meet its objectives and to ensure it operated an effective risk management system, to monitor its performance and ensure that it acts ethically and meets its responsibilities to its stakeholders.
- Program performance - how does the program measure its success, how does the program define the indicators that measure the outcomes to show success- is it a measurable indicator? What are the methods of collecting information to determine the level of achievement of the outcome? How does the mission of the program fit within the County's mission?
- Financial Stewardship - how does the program manage its finances and how does it allocate its resources to meet the mission critical needs and priorities?

An allocation in one year does not guarantee future allocations.

Continuing in our efforts to maintain and enhance a successful alliance with our partner agencies, Stafford County's website provides a link to our partner agencies. This networking allows Stafford citizens the opportunity to learn about the many organizations and how they support and assist the citizens of our County. The link also gives citizens and businesses the capability to donate funding directly to an organization. The link is located on Stafford County's website www.staffordcountyva.gov under Human Services Office- then Partner Agencies.

GOALS/OBJECTIVES

- Evaluate each agencies goals/objectives and statistical data relating to measurable outcomes to determine how effectively the needs of the citizens within the community are being met.
- Determine any duplication of services to maximize the use of resources.
- Develop relationships with partner agencies staff to become keenly aware of how the agencies manage their organizations which will provide valuable information in long term planning and resource development for the community at large.
- Create opportunities for community engagement and support of partner agencies.
- Coordinate and collaborate with other localities to develop a regional approach to service implementation within the planning district.

The above goals support the Long Range Human Service Plan, the Board of Supervisors Priorities for the community and the County's B.E.S.T. values
