Board of Supervisors Monthly Statistical Reports

On May 15, 2018, County Administrator, Tom Foley, informed the Board that this meeting's agenda contained the last Monthly Report. The goal is to create a more informative report and enhance our reporting methods for both the Board and residents. Currently, staff is taking a look into how we report that type of information moving forward, and plan to present a new report process in the near future.

Board of Supervisors May 15, 2018 Meeting
