- Parks and Recreation
- Department of Social Services
- Registrar's Office
- Fire and Rescue

CAST Volunteer Positions...

Stars keep the show on the road with regular volunteer areas and time commitments. These dependable citizens keep the county running smoothly, are well-trained and involved.

Stand-Ins are elite volunteers who have been trained in multiple areas. A stand-in is the go-to person for certain days of the week should a scheduled volunteer get sick.

Directors make sure everything is running smoothly. A director checks each volunteer area for a shift, making sure the area is covered and the volunteers have the supplies, information and interaction they need for a fun and satisfying volunteer experience.

It takes all of us working together to make our county a great community.

Assisting

Stafford

Together

Join your community, build your world.

CAST volunteers serve in all areas of the local government. They cover areas such as...

walking the dogs in the animal shelter,

throwing parties for preschoolers in Parks and Recreation,

answering calls in the Stafford 311 Center,

directing traffic and entering data for the Sheriff's office,

creating safety plans in Fire and Rescue,

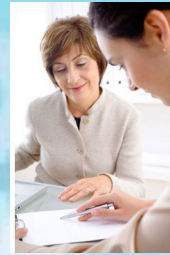

exploring Stafford's rich history with the Historical society,

investigating weathered tombstones and locating lost graves with GIS,

preparing for county events in Tourism,

helping someone apply for a job in Human Resources,

and directing people to the right courtroom in the courthouse.

Without these volunteers, the county would not be able to provide the same extent of services.

If you are interested in helping to build a strong community, please fill out and return this detachable Contact slip. →
